## Cutter & Buck Size Charts

### How To Measure Your Body For Size

**Neck:** Measure around your neck at the point where a shirt collar band encircles the neck.

**Chest:** Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

**Waist:** Tape measure should be straight around waist where pant waistband normally sits.

**Sleeve:** With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

**Hip:** Standing with heels together and with tape parallel to the floor, measure the fullest part.

Clique Size Charts

How to measure your body for size

**Neck:** Measure around your neck at the point where a shirt collar band encircles the neck.

**Chest:** Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

**Waist:** Tape measure should be straight around waist where pant waistband normally sits.

**Sleeve:** With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

**Hip:** Standing with heels together and with tape parallel to the floor, measure the fullest part.

Clique Men’s Size Equivalency Chart

Size	Chest	Sleeve Length
S	36-38	31.5-32
M	38-40	32.5-33
L	40-42	33.5-34
XL	42-44	34.5-35
XXL	44-46	35.5-36
3XL	46-48	36.5-37
4XL	48-50	37.5-38
5XL	50-52	38.5-39

Clique’s fit is typical of the corporate wearables market. If you’re familiar with the Cutter & Buck fit, you may prefer to go up a size in Clique as it is cut slimmer through the body and shorter in the sleeve than Cutter & Buck.
